Thanks for looping me in, Sherry.

Myra – R4's Public Affairs Director, Brandi Jenkins (copied), asked me to vet the draft page with a few water folks here in the region and in HQ. Attached are the edits I've compiled.

Brandi – can you advise whether this is good to be posted with the edits noted?

Thank you,

Hi Sherry, I am checking in with the folks that are the subject matter experts on those websites but I imagine it shouldn't be a problem. I just want to double-check that the info has cleared the Region 4 Public Affairs folks.

Thanks,

Myra

Brandi and Sherry,

I did a bit of digging on the page Sherry shared earlier and it contains a link to a national “State and Tribal Assumptions” page where they’ve already posted the link to the FL 404 press release:

<https://www.epa.gov/cwa404g>

There’s also this page under HQ’s “Wetlands” website with example wetlands programs (<https://www.epa.gov/wetlands/examples-state-and-tribal-wetland-programs>), and New Jersey’s 404 program is featured for R2:

<https://www.epa.gov/wetlands/new-jerseys-clean-water-act-ss404-permit-program>

I’m thinking we can build a page similar to New Jersey’s to meet Mary’s ask and have it posted on the above page, and add a link to it from our R4 FL page and in the press release too. Does that sound good Brandi?

There’s also an interactive map (link below) that we should ask HQ to update to reflect FL – Sherry do you know who we need to reach out to about that?

If we could do it from the main 404 page, that would be great!

Thanks so much.

I guess it's possible – you all would have to come up with the content and layout – then we would have to get it approved by HQ –

It seems that the national 404 page would have an area and we could just link off of it. I'll reach out to HQ POC for the web area.

MERRY CHRISTMAS!!!!!!

Thanks. I meant one specific to Florida. I'd like to have something similar to what we did for ethylene oxide. Thoughts?

I've added it to the banner

Also, the Pre-notice is already published under public notices and Tom McGill has requested that it be updated tomorrow, 12/22 to reflect notice instead of prenotice. I'll forward that info to you as well.

Sherry,

Below is a link to the 404 Assumption press release that went out last Thursday. Can you add to the Florida banner page?

Also – I'd like to see where we can include 404 Assumption on our main page. Basically, where folks can click one time and have access to the press release, the FR Notice, pictures from the event, a contact us box that directs ppl to the 404 Assumption mailbox that's been created, etc.
